We are an Automotive and casting based company Specialized in manufacturing compressor spare parts and automotive components. We are located in Rajkot which is the industrious city of Gujarat state in Republic of India.

About Us :

We started our journey in 1998. Since then we have transformed into a well organised company by installing the modern technologized machineries to our working floors. We also manufacture air and gas refrigeration parts ,Heat Ventilation Air-conditioning parts(HVAC) ,Mining machinery parts , Automotive compressor spare parts and custom parts.

We manufacture for this following brands which are

CARRIER
GRASSO
YORK
MYCOM
SABROE
VILTER
TRANE
BITZER
COPELAND
J&E HALL

ATLAS
COPCO
BENDIX
MIDLAND
INGERSOLLRAND
ELGI
DAIKIN
GRAM
STAL

Manufacturing Facilities :

We have a wide range of manufacturing facilities including CNC machines, Grinding machines, honing machines, melting furnace, shell moulding machines, core shooter machine and SPM Lathe machines.

Casting :

Induction Melting Furnace is a clean, energy-efficient and well-controllable melting process compared to most other means of metal melting. Material is added during the melting process to bring the final chemistry within a specific range specified by industry or internal standards. Melting process is carried out as per the customer requirements. We cast in CI (Cast Iron).

Shell Moulding :

Shell Moulding is a casting process in which a shell of cast profile is made of sand with the help of a die. which later used for filling the lava for casting to get ready in several minutes or hours.

Products :

Cylinder liner
Cylinder block
Cast iron piston Assembly
Aluminium piston Assembly
Connecting rod kit
Crankshaft
